★ DRAPER
Polled
Shorthorn
Sale

AT THE FARM OF C. S. THOMAS
HARTNEY, MANITOBA

SATURDAY, JUNE 15th

AN OPTIMIST IS A FELLOW WHO IS SO BUSY GETTING THE JOB DONE THAT HE HASN'T TIME TO BE A PESSIMIST

And a Salute to the "Getting the Job Done" people who are sponsoring this sale! They've got a program . . . they know the kind of cattle they want to breed . . . they are bending every effort to meet the tough requirements they have set for themselves . . . they're a part of the rising tide of optimism developing in the Shorthorn breed today.

These herds have recognized the obvious fact that size, length, balance and bone are a prime necessity in the beef industry today. They are keenly conscious of the fact that these practical factors can be attained without loss of eye appeal.

So, we're proud to salute the Thomas's, the Drapers and the Gordons, a group of keen young men who know what they want to do, and where they want to go (and the term "young men" includes Chris and R. J., who have the ability to think young).

E. H. STOLTZ, Executive Secretary,
CANADIAN SHORTHORN ASSOCIATION.

Thomas Farms

EXTEND A HEARTY INVITATION TO YOU TO OUR SECOND ANNUAL PRODUCTION SALE HERE AT THE HOME FARM

We have been pleased to join forces with the Gordons of Kinna-ber Farms, and with the Drapers of Rothbury Farms, for several reasons. We know that as a group we can continue to put on one of the strongest sales in the business, on a continuous basis for several years.

Our female lines of breeding are quite different, and will therefore appeal to a wide range of breeders.

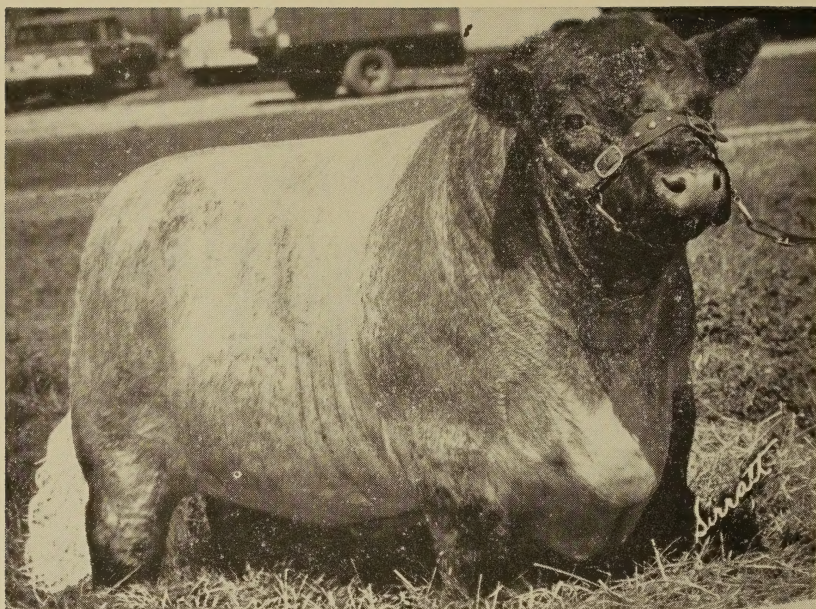

We all have a powerful bull battery, consisting of not only the most popular blood lines, but also the biggest and most rugged individuals within these lines.

We are all proud of Shorthorns, and are dedicated to the production of POLLED SHORTHORNS which will be a credit to all the breed, and a challenge to all other breeds. These goals are being reached. Already these herds have been a real challenge, and successfully in the Shorthorn Showings. Already these herds have topped all others in every performance test station in which they have been entered, Shorthorns, Herefords and Angus included, in Manitoba, Saskatchewan and Montana.

We repeat, we are proud of our Shorthorns, and we are proud that they are POLLED

CHRIS THOMAS—Phone 4

ROSS THOMAS,—Phone 341-2

CORONET MAX LEADER, x2887-446

No other bull is making as great an impact on Shorthorn improvement in Western Canada and the ranch country of North Central States as is Coronet Max Leader and his progeny. From Toronto to Chicago, to Denver, to Calgary, his get or those of his sons have been show ring winners. From Saskatoon, Saskatchewan, to Douglas, Manitoba, to Stanford, Montana, his get or their progeny have consistently outperformed all other British breeds. This is the last time his sons will be offered in any one sale in numbers. This will be your last opportunity to have a choice of his sons. We challenge you to come and judge for yourself.

TPS CORONET LEADER 49th

TPS Coronet Leader 49th is a son of the "old man" Coronet Max Leader and out of the great Nonpareil family. His dam is a half sister to the dam of Gordon's Coronet Leader 21st.

He was the largest bull for his age at Thieman's when we got him. His tremendous length, muscling over the back and down his pants with his thick mossy coat were very desirable. He won his class at the International Show in Brandon, Man., very shortly after coming from the South.

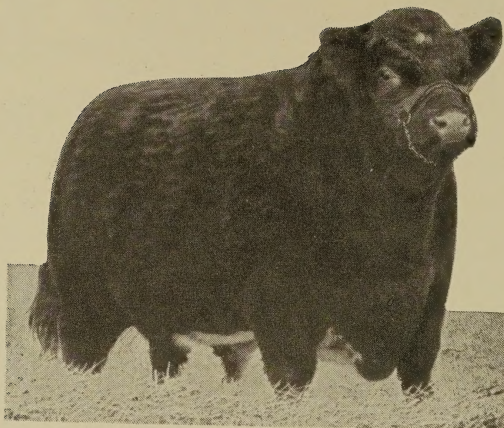

The 49th had the misfortune to break his leg which deprived us of one year's service and also stopped his growth. In 1967 he was our heavy "work horse". We know you will like his calves. They, too, have that quiet Leader disposition. Most of our calves in the sale are by the 49th. Others are by Thomas Max 31V and by Kodiak 3rd, a grandson of TPS Leader 3rd that went to Baptons of Scotland.

TPS MAX CORONET 92nd

Sire of Thomas Max 31V

THOMAS MAX 31V

Thomas Max 31V is our choice of our bulls by the 2450-pound International Grand Champion TPS Max Coronet 92nd. We chose him because he is out of a Carona Perfect dam, a 1500-pound cow that has never had a horned calf. She also is the dam of our Coronet Max Leader bull that we are keeping for our own use. She was also our feature cow in our 1967 Production Sale, going to Noltimier's Polled Shorthorns of Church's Ferry, North Dakota. We like him because of his length of body and that is where the high priced cuts of meat come from. We like his smooth, easy fleshing. We know that he has all the smooth, flat bone he requires to do the job and carry his 2100 pounds around, and not so much bone as to cause losses at calving time. We like him because he has proven himself a 100% dehorner. His calves look promising. We want him because we know that the Max and Leader bloodlines blend well together.

Thomas Farms

The Thomas Farms first start in a purebred Shorthorn Herd began in the purchase of a two-year-old heifer from the outstanding herd of the late Rhys Williams of Melville, Sask. The next addition came at the Brockington dispersal sale where cows of Gallinger breeding were obtained. Then six heifers of Kair Butterfly breeding were added. From Syd Berry's sale, females of Calrossie Dazzler and Aldie Supreme were added to the main foundation females of our herd.

On the sire side, one of our first bulls was Killearn Max 5th, followed by Killearn Cyril 5th. This bull weighed 1200 pounds when we bought him at one year of age, a bull 20 years before his time. His calves were big, long and upstanding. Folks said they were 'horsey' so we sold him to a commercial man. Later his daughters proved to be our top brood cows. He was followed by Calrossie Dazzler, sire of the 1950 Supreme Champion at the Toronto Royal and the Chicago International.

We were now using loose housing and found that horns were costing money, so we got our first polled bull, Carona Perfect from Carl Johnson's herd at DeKalb, Illinois. This was a big stretchy bull that is still having a big influence on our herd. His daughters are producing our top Leader calves. We know that any pedigree with a "Carona Perfect" on it insures a true and sure breeder.

We followed with two Hilldale Bulls by Collynie 60x and Collynie 101stx from Bennet's of Washington and a Hultaine bull that was State Champion at Nebraska and first in his class at the Polled Congress, also a 100 percent dehorner. We now went to Thieman's in Missouri and took home TPS Coronet Galaxy 3rd, a big growthy calf. Also a heifer calf, brother and sister of Thieman's great "Unlimited". At the same time Thieman's made us an offer on the old International Grand Champion, TPS Max Coronet 92nd, weight 2450 pounds and "as long as a barn."

We were still having too many horns and the demand was increasing for polled cattle. We went back to Thieman's and bought a one-third interest in the great proven sire and 100% dehorner, Coronet Max Leader, weight 2450 in his prime. We were extremely fortunate when we procured this interest. In the three years that we have had use of his services we have raised 225 of his sons and daughters. His offspring are the most uniformly good calves and carry the strongest

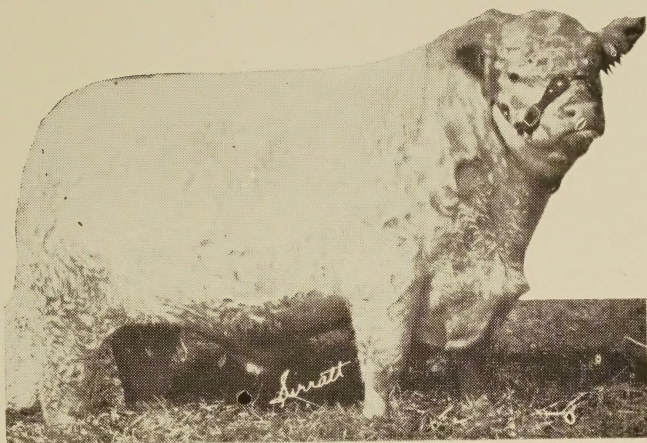

growth factor of any we have ever raised. They have stepped up our average daily gain, not only in our home test program (government tested) but at the Manitoba Performance Test Station (both weighed by the same government inspector). Sons and grandsons of Leader have been at the top of the Manitoba and Saskatchewan Performance Testing Stations for the past three years. In 1967, Thomas Leader 41x, was the top gaining Shorthorn Bull on test with a daily gain of 3.34 pounds a day. He also was our high selling bull at our 1967 Production Sale, selling to Cloyd and Virginia Welch of Pasco, Washington. Our group of five Polled Shorthorns at the Test Station at Standford, Montana, had the highest average daily gain over the 400 bulls of all breeds on two test weighings, with an average daily gain of 3.23 pounds a day.

Our good fortune in getting these Leader calves has not only made it possible to offer at public auction 20 of his heifers in our 1967 Production Sale, where the top 10 averaged \$990, but again this year another 20 are offered for your approval. They are just in good breeding condition. We know you will like them. As old Leader is dead, this is the last time you will have a chance to buy his daughters in quantity at public auction. We will need the rest of them to build into our herd.

These Leader heifers have made it possible for us to cut deep again into our good producing foundation cows. Most of these cows will have calves at foot by TPS Leader 49th, or Thomas Max 31V, a 100 percent dehorner, weighing over a ton in breeding condition. The seven calves from one of these cows have had an average rate of gain index of 110 on home test.

Our present herd sires in use are Thomas Max 31V, TPS Leader 49th, Thomas Leader 24x, Butte Lee Leader 34x, Butte Lee Leader 45x by TPS Leader 21st and Kodiak 3rd, Kodiak 4th, grandsons of TPS Coronet 3rd, which went to Bapton's of Scotland.

Kinnaber Polled Shorthorns

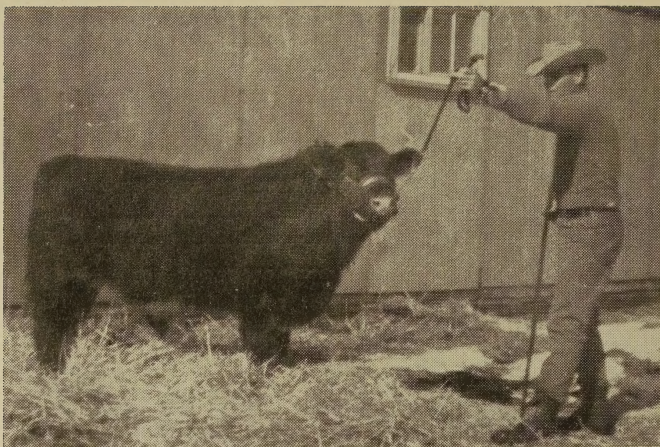

TPS Coronet Leader 21stx—AAA weighed 2250 pounds in breeding condition; certainly one of the great beef bul's on the American continent today of all breeds. John Scott of Billings, Montana, bred 1732 heifers to Leader in 1967. He reports a great set of calves. We have already had inquiries from Iowa feeders as to where to obtain these calves after hearing about them. No bull in recent years has done more to rebuild interest in Shorthorn cattle than Leader 21st. He consistently sires progeny, both bulls and females, that can be foundation stock for the best of herds. A special attraction of our offering is the five females we sell by him.

WESTON TRADEMARK 2ndx

Wayne Gordon with Weston Trademark 2ndx, one of TPS Co. net Leader 21stx greatest sons to date, who we recently sold a two-third interest in to V. B. Kjernisted and Keith Croy of Stonewall. He will play an important part in the future of all three herds.

SHORTHORNS HAVE BEEN A WAY OF LIFE AT KINNABER FOR THREE GENERATIONS

Our grandfather was one of the first Shorthorn breeders in Manitoba and raised Shorthorns for many years. Our father started his Shorthorn herd in 1937 and maintained a herd of useful cattle, selling most of his progeny right off the farm.

The first really good bull we owned was purchased in 1949 from McIvor Bros at Ebor, Man., sired by Kelburn Winmore, for which they paid \$4,200. We then purchased our next two head sires from the McIvors. We traveled many miles with the McIvor Bros., viewing other breeders' herds in our 4-H days, which broadened our view on what other breeders were achieving.

The first animal we ever showed was Reserve Grand Champion Bull at Brandon in 1953, going to D. H. Bain of Grosse Isle, Man., later sold to Wertz Bros. in South Dakota. After that we showed many steers at the Toronto Royal, had Supreme Champion Bull and Champion Steer at Brandon Winter Show, showed the Champion Bull at the Saskatoon Inter-Provincial Bull Sale, who sold for a record price that still stands at that show. Besides this we showed other animals to Championships at many different shows.

CLIPPER KING OF USAx

Bob Gordon with Clipper King of USAx, as he won his class at the National Western Stock Show at Denver, Colorado. An All-American and the only son of Clipper King of Bapton x in Canada today. His service is a feature in our offering.

In 1962, when we formed our partnership, we felt, on visiting many herds, that a great many lacked the size in their animals they had had ten years earlier; also we felt with the tremendous advances Polled Herefords were making at that time in Western Canada, that looking into the future we felt we needed an animal that had size and was preferably polled.

So we set out to buy the best big polled bull we could find. When we saw TPS Coronet Leader 21stx at Omaha, Nebraska, we could hardly believe we were looking at so much size and quality in one package. Little did we know at that time the great sire he would be, the way his progeny would develop and breed on, and the tremendous impact he would make for Shorthorns in the vast commercial cattle field.

Whether it was breeding a hundred cows actively in one summer, or being one of the greatest semen producing Shorthorn bulls ever, or having his sons continually top Performance Testing Stations both in gainability and as sale toppers, have his sons top major bull sales, go into leading herds in Western Canada, have his females stand at the top of major shows and continually top consignment sales.

No matter what Leader 21stx was put to do for us he came through in flying colors. He has done a great deal to improve Shorthorns at

Kinnaber, producing an animal in constant demand, which has helped to make our Shorthorns a more profitable enterprise.

We sold a half interest in Leader to Edgar and Lily Philpott; they had been selecting Polled Shorthorns for utility 15 years prior to 1963. We obtained a great many cattle from the Philpotts and these cattle, and the cattle we jointly sold with them, have been responsible for quite a few of our achievements with Polled Shorthorns.

In order to supply the demand for these big practical Polled Shorthorns in the future, and assure ourselves that we can produce them for the demands of the market in future, we have not tied our eggs all up in one basket and have acquired the use of or interest in some of the best Polled bulls we could find, like Clipper King of U.S.A.x; TPS Coronet Leader 10thx who bred so well for the Kaehlers in Minnesota; TPS Coronet Leader 4thx, a ton plus bull, who bred so successfully for Edward White in Missouri; TPS Coronet Galaxy 10thx, siring extremely high gaining cattle for us and Martin Nold at Gettysburg, South Dakota; Pleasant Dawn Seal 2nd, used so successfully by Harvey Fulton of Birtle, Man., and now owned jointly by us with American Breeders Service; the very promising Weston Trademark 2ndx, plus other young bulls of the famous Leader line.

We continued to build our female herd to the present level, selected from, for example, six from the Jack Carignan dispersal who maintained one of Canada's best Polled herds; many females selected from the Edgar Philpott herd and from other Canadian herds like Thomas's, Saraquay Farms and the Krueger dispersal, from United States herds like the Thiemens, Kaehlers, the great Frank Jackson herd in South Dakota, fourteen big brood cows deep in polled breeding were recently acquired from Ed. White in Missouri plus three foundation females from the pioneer breeder, Chenault Todd from Missouri, who bred the dam of the 21st. These, plus the many Leader 21stx daughters in our herd, blended with our strong herd bull battery will assure you we are aiming to produce the kind of cattle the future will demand.

You can see we have travelled many miles and put a great deal of effort into securing herd bulls and brood cows that we can blend together to give you a better Polled animal for the future.

We are proud to be a part of the Thomas Invitational Sale with our neighbor breeders, the Drapers and the Thomas's.

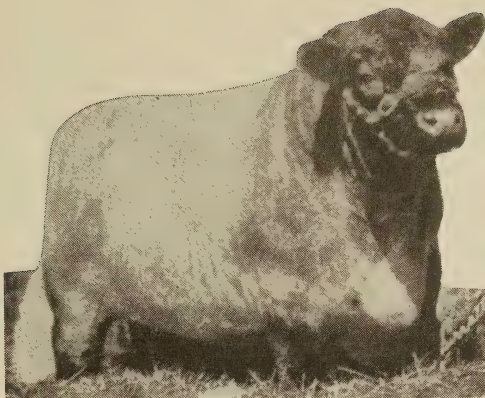

It is a pleasure to breed Shorthorns and have neighbor breeders like these who are cooperative to build a better breed.

We hope through fair dealing and a real desire to breed a better beef animal that our efforts can help the Shorthorn industry. We must not forget our wives, Eleanor and Joyce, for their never ending help.

We look forward to seeing you on June 15th.

BOB GORDON

WAYNE GORDON

TPS CORONET GALAXY

TPS Coronet Galaxy—Sire of TPS Coronet Galaxy 10thx, who is breeding high performing cattle with extreme length for us and Martin Nold, whom we are combining forces with in sharing our herd bulls to give our herd added strength. It's a pleasure to work with a man like Martin who spares no effort in a desire to breed good Shorthorns.

Rothbury Polled Shorthorns

TPS CORONET KEYSTONE

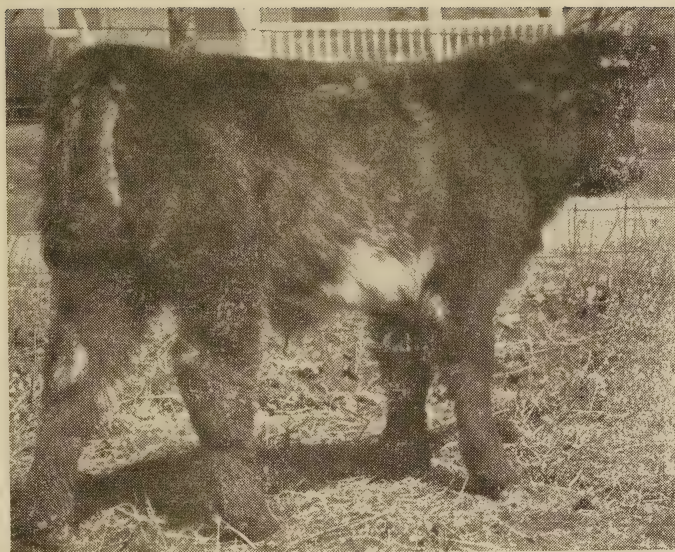

\$12,000 sire we share ownership with Thiemans Polled
Shorthorns of Concordia, Missouri.

205-day weight—710 lbs.; 365-day weight—1,090 lbs.
23 months, 10-day weight—1,780 lbs.

First Polled Bull in history to be a Royal Champion . . . Nominated
for All-American Junior Yearling.

What more could you ask for in a young bull — great calves, and that is just what they are. Harold Thiemann states that probably the best stock bull prospect he has produced in 63 years in business is one of Keystone's first calves. Have you noticed how Keystone is bred? He is a linebred Priam Royal Leader. His mother who is only one point from being a AAA cow, is a granddaughter of Coronet Max Leader 3rd, the greatsire of Clipper King of Bapton.

Keystone is so correct with his great scale, bone length, good feet, style and powerful head. As one of our leading breeders stated, "He is probably the best bull in America today." You can share a part of Keystone with us by selecting one of the heifers in this sale, as his service is offered with them.

CRAIG MAUDETTE 3rdx

One of the greatest cows of the breed.
Mother of Kinnaber Leader 5th.

KINNABER LEADER 5thx

Kinnaber Leader 5th is the senior herd sire at Rothbury. He is a tremendous son of Leader 21stx. He has never been in a show ring — he has been too busy. He started service at 10½ months — last summer, as a two-year-old, he was out with 74 cows. He weighed 2,110 pounds on the 2nd of March, 32 months. He will be well over 2,200 pounds by his third birthday. His first big crop of calves are on the ground now, and what calves they are! His sire, TPS Coronet Leader 21st, will certainly go down in history as one of the greatest sires of all time. His mother, Craig Maudette 3rdx, is truly a tremendous female, one of the two best cows we have ever seen. The Gordon Bros. are anxiously awaiting the calf she will have this year by TPS Coronet Keystonex. Make it a must on your trip to see her at Kinnaber.

Rothbury Farms started breeding Shorthorn cattle in 1949, before that, we had Herefords, and what a rewarding sight it was to see the young calves being fed. Our Herefords, like most of them, had weaned their own calves by the first of August.

R. J. Draper was in the meat and cattle buying business for 10 years and thus became quite aware of the profitable kind. We talk about tight money today; he bought and sold many a big cow in the 15.00 to 20.00 range. With his keen cow sense and the dollars he made from them, he purchased the original part of Rothbury Farms, which is made up of 2400 acres of rich cropland today.

We bought our top first bull back in 1955, Glenkair White Emblem. He was the Grand Champion of the Brandon Bull Sale, and was bred, shown and sold to us by one of Western Canada's top breeders, Glen Powell & Sons of Grandview, Man. Three of his daughters still remain in our herd. He left us some great females.

Then two years later in 1957, we bought another Brandon Bull Sale Champion "Balrossie Authority" from John Inkster, a grand gentleman from Balmoral, Manitoba.

It was with "Authority's" first calves we started showing. We took six of his first calves to the Provincial Exhibition, won five firsts and Reserve Champion female. This really increased our energy to move forward.

In 1960 we purchased Kelburn Insignia, our choice of all the great sons of Calrossie White Emblem and out of a Clipper Beatrice dam. I think most of you are familiar with the name Clipper Beatrice and a bull called "Kilburn Great Event" and the Latimer Bros., two of the most energetic, capable and dedicated cattlemen in the world today. Kelburn Insignia is in service today in the herd of Martin Nold at Gettysburg, South Dakota. Keep this name in mind. We need more Martin Nolds!

Then we travelled to Ontario and under the guidance of one the world's most successful and far-sighted master breeders, Wib Donaldson, we bought Louada Apollo. He left us some rugged bulls and many of his daughters are in our herd today. On this same trip Wib helped us select Bosmandale Augusta A and Bosmondale Augusta C, the two greatest cows we ever owned.

To follow Apollo we bought Louada Newsflash by Louada Rothes King jointly with two of the finest men in the cattle business, the McIvor Brothers of Ebor, Manitoba. In 1967, we showed Rothbury Augusta B 3rd to more championships than any other female in Canada, and she is getting anxious to get to the shows again this year. She is by Louada Newsflash.

Then in 1965, we decided that the polled cattle had the greatest future, and not only that we needed an outcross from the Welcome line. Living close to the Gordon Bros., we knew that Craig Mau-dette 3rd was one of the best cows we had ever seen, then when

they brought Leader 21st home, we decided we would just wait until a bull calf came from mating these two tremendous animals. That bull calf came and we bought him "Kinnaber Leader 5th". See if you think we were right or wrong at sale time, when you see this massive three-year-old and his first calves.

Last February we travelled to Kansas City to the K.C. Sale, on that trip we stopped at Harold Thiemans. There running, with six other year-old bulls, was a roan calf so big and yet so correct, it was like a dream came true. After seeing his great mother and how she was bred, we asked for a price. The price was high and two weeks later after some negotiating, we owned a third interest and full possession in TPS Coronet Keystone.

As you all know the bull is half the herd, our other half is made up of 100 brood cows that have to work hard. We want as many as possible of those 100 cows to out-breed themselves. By this we mean to produce a calf much superior to themselves. Right now our biggest challenge is to breed a bull superior to Keystone.

My brother, Mac, has been a great help in our organization. He has worked with most of the top herds in the nations, such as Louada, Scotsdale, Aberfeldy and Billy Anderson's, gaining great knowledge in presenting cattle and conditioning them. He gears the show end of things!

Two years ago Orrin McLennon joined us as herdsman. He has done his job well and a lot of our recent success is due largely to him.

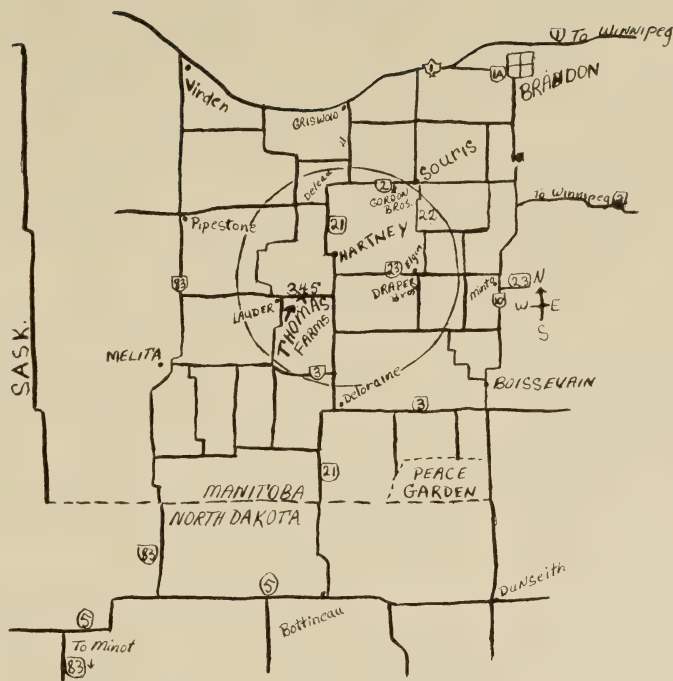

For a lot of the success we have had, credit must also go to my wife, Sandra, and my mother. They are the two who put up with us.

The greatest part of being a Polled Shorthorn breeder is the fine people we meet, in all parts of America.

The challenge of breeding a better one is great, myself being a poor loser. I don't like standing second. It is indeed a pleasure to join Thomas's and Gordons in this sale.—JOHN K. DRAPER.

TRANSPORTATION AND ACCOMMODATION

The sale will be held at Thomas Farms which is four miles south of Hartney on No. 21 Highway, go to Lauder road No. 345, then go three miles west. Thomas Farms right at south side of road.

Winnipeg, which is a three or four hour drive to the farm, is very easily reached by all major air and rail facilities. Of course, we'll be more than happy to meet you in Winnipeg if advance notice is given. However, for those who prefer to drive and spend a little time fishing or viewing other herds in the area, rental cars are available in Winnipeg.

Minot is a two-hour drive from the farm and has good air service for all our U.S. friends, particularly those coming from the Western States. With advance notice we'll meet you in Minot or if you wish to drive, rental cars are available there.

The Farm is just 50 miles from Brandon, 50 miles from the Saskatchewan border and 30 from the U.S. border.

Free delivery will be given, to central points in United States and Canada, for any individual purchase or by a combined purchase with your neighbour breeder of four head or total purchase of \$3,000, at a time convenient to arrange shipment.

General Sale Information

TIME AND PLACE: Saturday, June 15, 1968, commencing at 1:00 p.m. Daylight Saving Time, at Thomas Farms, Hartney, Man. Thomas Farms are four miles south and three miles west of Hartney. Sale will begin promptly at 1:00 o'clock.

TRANSPORTATION: Good air and rail service to Winnipeg, Canada, and Minot, North Dakota. See page 17 for details.

HOTEL ACCOMMODATIONS: Sale headquarters will be the Boissevain Inn at Boissevain, Man., phone 534-2491. It is just 13 miles from the beautiful International Peace Gardens. The owner has a large feedlot and specializes in serving good beef. It is just 50 miles from the farm to Brandon where there are many good motels, such as, Barney's, North Hill and 1 & 10. There are also smaller motor hotels in Hartney and Souris.

AUCTIONEER: Jock Blacklock of Saskatoon, Sask., Canada.

GUARANTEE: All cattle sold under the standard guarantee of the Canadian and American Shorthorn Associations.

HEALTH: Cattle will be sold in compliance with the health laws of the Province of Manitoba. The herds are in a tuberculosis and brucellosis free area. The most stringent herd health standards are maintained and all the cattle in the sale are guaranteed available for export in about five days following the sale.

TERMS: The terms of this sale are cash. Cheques should be handed to the clerks immediately following the auction. Please be sure to have the clerks record your transfer instructions and shipping information at the time of purchase.

EXCHANGE: Seven percent exchange rate will be allowed on all U.S. purchases. In other words the U.S. dollar in Canada is worth about \$1.07 due to exchange differential.

LIABILITY: The owners assume no liability for accidents of any nature, but owners will do their best to provide facilities stressing safety for the comfort of their guests.

LUNCH: Lunch will be provided on sale day by Lauder United Church Women.

FURTHER INFORMATION: The owners of the three herds will be happy to give you their critical appraisal of any cattle selling. Breeding dates after printing of the catalogue will be announced sale day. All announcements from the auction block supersede any other information, either written or oral.

MAIL BIDS: We hope you will be able to attend, if not mail bids can be made by mail or phone to:

Wilf Davis, Manitoba Beef Cattle Fieldman, Dauphin, Man.
Phone 638-3739.

Bill Elliott, Secretary and Sales Representative, Ontario Shorthorn Club, R.R. 4, Guelph, Ont. Phone 518-822-1799.

Gene McDonald, The Shorthorn World, 16 South Locust Street, Aurora, Illinois. Phone 312-896-8511.

Bill Poole, The Westerner, 310 Somerset Building, Regina, Sask. Phone 306-523-0353.

E. H. Stoltz, Executive Secretary Canadian Shorthorn Association, Gummer Building, Guelph, Ont. Phone 519-822-6841.

Bill Hiett, Livestock Fieldman, Montana Farmer-Stockman, Great Falls, Montana.

Charlie H. Pike, Western Livestock Reporter, 1408 First Avenue North, Billings, Montana.

Any of these men can be reached morning of the sale at Thomas Farms, phone 341-2 Hartney, Manitoba.

Special Representatives in Attendance:

Norman Hogg, President Canadian Shorthorn Association, Uxbridge, Ontario.

Jack Ragsdale, President American Shorthorn Association and Manager of Sutherland Farms, Prospect, Kentucky.

Harold Thieman, Vice-president American Polled Shorthorn Association, Concordia, Missouri.

Harvey Fulton, President Manitoba Polled Shorthorn Club, Birtle, Man.

Glen Powell, President Manitoba Shorthorn Club, Grandview, Manitoba.

INSURANCE: Insurance will be available from a representative of Lloyd's at the sale.

TELEPHONES: Ross Thomas, 341-2, Hartney, Man.; C. S. Thomas, 4, Hartney; Bob or Wayne Gordon, 813-2, Souris, Man.; John Draper, 769-2361, Elgin, Man.; Mac or Bob Draper, 769-2371, Elgin. For reservations or any information contact any of the above.

Lot 1—Thomas Leader 5X, x-419394**Male**

Red — Born March 14, 1966 — Tattoo MUY 5X

Owned by Thomas Farms.

Coronet Max Leader x-410275	-----	Priam Royal Leader x2739468
		Lavender Coronita 20th x2787742
Thomas Perfect Rita 2T x551003	-----	Carona Perfect x-366529
		Thomas Rita 6P x-508007

One of the last sons of Coronet Max Leader to be offered for sale by public auction, and again by a Corona Perfect dam. The best possible cross you can get — Thomas Perfect Rita is one of the largest cows in our herd. This calf is one of two out of Carona Perfect dams. We had to see which one we would keep for our own use. This one we are offering to you — Semen tested, a risk free package for your approval. A completely pol'd pedigree — the best we can offer.

Lot 2—Thomas Leader 94x**Male**

Roan — Born May 18, 1966 — Tattoo MUY 94X

Owned by Thomas Farms.

Coronet Max Leader x-410275	-----	Priam Royal Leader x2739468
		Lavender Coronita 20th x2787742
Maple Sarah x-527180	-----	Thomas Perfect 26N x380229
		Maple Leader x471539

A very correct son of "Old Leader", with a good quarter and lots of natural thickness.

Lot 3—Thomas Leader 13Y, x-422154**Male**

Roan — Born March 14, 1967 — Tattoo MUY 13Y

Owned by Thomas Farms.

Coronet Max Leader x-410275	-----	Priam Royal Leader x2739468
		Lavender Coronita 20th x2787742
Barbee Bella 12T x-538618	-----	C F Lancer x-378669
		Barbee Bella x-474754

This is a real herd sire prospect. He looks good every time you see him . . . wonderful top, thickness, head, feet and legs and on top of that carries a real growth factor. His dam's last four calves have officially indexed at 108, 119, 110 and 104. This calf will be right at the top in our herd, having been weighed, but not yet officially processed, and thereby indexed. Among the last of Leader's.

Lot 4—Thomas Leader 26Y, x-422995**Male**

Red — Born March 18, 1967 — Tattoo MUY 26Y

Owned by Thomas Farms.

Coronet Max Leader x-410275	-----	Priam Royal Leader x2739468
		Lavender Coronita 20th x2787742
Thomas Amethyst 61T x-542764	-----	Hilldale Jubilee x-381460
		Thomas Amethyst 4th -493791

This bull most resembles the top selling bull of our last year's sale of any of this year's calves, and could well be our most popular entry. A long correctly built bull, just like his brothers who are outperforming any other group of bulls at the Stanford Performance Station. The Amethyst family is one of most consistent families . . . a bull we strongly recommend, whose weaning index was 108.

Lot 5—Prince Galaxy, x-423647, x3341913**Male**

Roan — Born April 16, 1967 — Tattoo EVW 40Y

Bred by Martin Nold, Gettysburg, South Dakota.

Owned by Kinnaber Farms.

TPS Coronet Galaxy 10th x3153157	TPS Coronet Galaxy 3040242
	Augusta Coronita 48th x3003825
Linderry Merry Elsa 3rd -535202	Glenkair White Emblem -353270
	Linderry Merry Maiden 435628

Sired by TPS Coronet Galaxy 10thx, a great breeding son of TPS Coronet Galaxy. This is one of the good bulls to be offered this year, he weighed 1005 pounds at year of age on official Government Performance Test at the Douglas Sire Indexing Station. His half brother who we are presently keeping back in the herd made a record gain on test weighing 1050 pounds at 11 months. These Galaxy bulls are consistently high gaining, long cattle, two half brothers are doing a great job in the Zepick and Bateman herds in Saskatchewan. His dam is sired by the great female breeding bull Glenkair White Emblem. Here is an outcross bull for anyone using a Leader bull. We would like to reserve show rights until August 10th, if it can be arranged with the purchaser.

Lot 6—Butte Lee Leader 63rd, x-422443**Male**

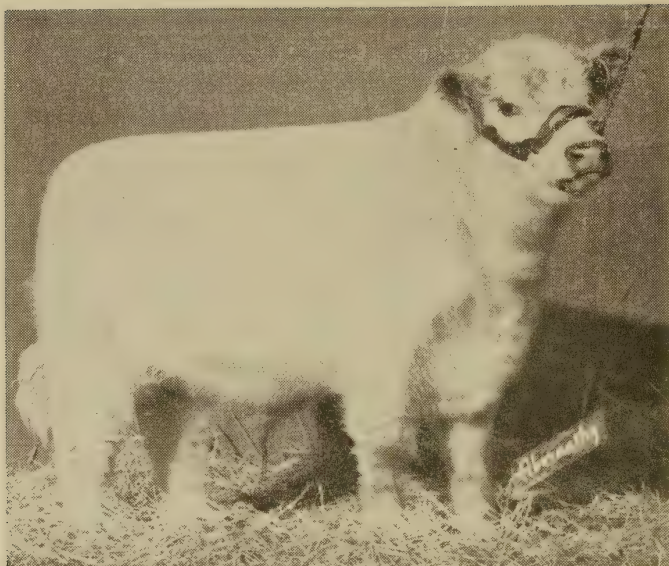

Roan — Born May 3, 1967 — Tattoo OFZ 70Y

Bred by A. E. Philpott, Central Butte, Sask.

Owned by Kinnaber Farms.

TPS Coronet Leader 21st x-406273	Coronet Max Leader x2887446
	Nonpareil Lady 163rd 2906288
Butte Lee Flo x-531835	Hi Way Mission x-361797
	Butte Lee Floss 10th x-502614

He has all the characteristics of a stock bull that will easily mature out over a ton. We feel he can head the best of herds, and give them the satisfaction the Leader 21stx bulls are giving so many herds. His full brother is in the Nova Scotia A-I Unit.

Rothbury Dynamic Leader 2nd.

Lot 7—Rothbury Dynamic Leader 5th, x-422067

Male

Red — Born March 11, 1967 — Tattoo YTO 12Y

Bred by R. J. Draper & Sons, Elgin, Man.

Owned by Rothbury Farms.

TPS Coronet Leader 20th x-416493 Coronet Max Leader x-410275
Nonpareil Lady 138th 2722353

Rothbury Queen Joan -547796 Kelburn Insignia -386779
Rothbury Queen May -460465

Rothbury Dynamic Leader 5th is about as long a calf as you will see, and we know you can't get weight without length. He is sired by TPS Coronet Leader 20th, the great sire of big cattle for Bob Duncan of Ebor, and Lawrence Parobec of Angusville. Leader 20th sired Rothbury Dynamic Leader 2nd, our record priced calf at the Brandon International selling at \$4,000.00 to Gloridale Farms at Port Hope, Ont. and Gunter Bros. at Trenton, Ont. Don't buy Rothbury Dynamic Leader 5th until you see his young maternal brother. He is the greatest prospect we have ever had and has caused quite a stir with recent visitors. Dynamic Leader 5th is a blend of the blood of two of the greatest sires ever "Priam Royal Leader" and Calrossie White Emblem".

Lot 8—Rothbury Leader 4th, x-422661**Male**

Roan — Born May 17, 1967 — Tattoo YTO 25Y

Bred by R. J. Draper & Sons, Elgin, Man.

Owned by Rothbury Farms.

Kinnaber Leader 5th x-416176 ----- TPS Coronet Leader 21st
Carig Maudette 3rd x-517290Rothbury Cinderella Phyllis 5 -557071 Louada Apollo -378988
Rothbury Cinderella Phyllis -547798

"Rothbury Leader 4th" is about as correct a calf as you can get. He has been a great one from the day he was born. He is a heifer's first calf, as are all our Leader 5th calves in this sale. Rothbury Leader 4th is the first calf we have sold by Kinnaber Leader 5th and we offer him with pride. We must reserve show rights on Rothbury Leader 4th through to the Roan National Western in Denver.

Lot 9—Thomas Leader 78Y, x-422164**Male**

Roan — Born April 25, 1967 — Tattoo MUY 78Y

Owned by Thomas Farms.

Coronet Max Leader x-410275 ----- Priam Royal Leader x2739468
Lavender Coronita 20th x2787742Thomas Perfect Ruby 16N x494842 Carona Perfect x-366529
Thomas Cyril Ruby 13K -467713

Further proof that we have saved our bulls from our top performing cows. This cow's previous four calves had an official index of 107, 108, 103 and 119. This bull had a weaning index of 104. His dam's family goes back to Killearn Cyril 5th, about the biggest bull we ever owned, A Leader, Carona Perfect, Cyril 5th combination.

Lot 10—Thomas Leader 76Y, x-422162**Male**

White — Born April 25, 1967 — Tattoo MUY 76Y

Owned by Thomas Farms.

Coronet Max Leader x-410275 ----- Priam Royal Leader x2739468
Lavender Coronita 20th x2787742Thomas Perfect Lass 32T x-541769 --- Carona Perfect x-366529
Kilbright Fancy Lass 7th -484957

Out of a Carona Perfect cow of the same family as the good bull we sold at the International Bull Sale to T. G. Rogers of Pugwash, Nova Scotia — another of the same kind.

Lot 11—Weston Blazer, x-424063, x3341915**Male**

Red — Born April 13, 1967 — Tattoo EVW 43Y

Bred by Della M. Benson, Seneca, South Dakota

Owned by Kinnaber Farms.

TPS Coronet Galaxy 10th x3153157 ----- TPS Coronet Galaxy 3040242
Augusta Coronita 48th x3003825Royal Duchess 2nd x3065390 ----- VV Royal Leader 85th x2936429
Royal Duchess 2898766

A good son of TPS Coronet Galaxy 10thx, who is a half brother to the highest scoring AAA bull in America, TPS Coronet Unlimitedx. His dam goes back to Russell Blomstrom's good Leader cattle.

Lot 12—Thomas Leader 69Y, x-423000**Male**

Roan — Born April 12, 1967 — Tattoo MUY 69Y

Owned by Thomas Farms.

Coronet Max Leader x-410275	Priam Royal Leader x2739468
		Lavender Coronita 20th x2787742
Thomas Jane 95V -555685	TPS Coronet Galaxy 3rd x-404180
		Thomas Lily 3rd x-485668

Fellows look this calf over . . . if it's breeding you want here it is. . . . one of the last sons of the "old man" himself; a grandson of TPS Coronet Galaxy 3rd, who is a half brother to Thiemans unbeatable AAA sire of champions, TPS Unlimited. As for the bull, he is a heifer's first calf with a weaning index of 107. His dam and the dam of our high gaining bull at Stanford, Montana, with a daily gain of 3.48 lbs. per day, are both by TPS Galaxy 3rd. He must have the growth factor and look at him.

Gloster Coronita—Undefeated Junior Yearling of 1965, one of the many great females we have by TPS Coronet Leader 21st. We are offering five Leader's daughters similar to Coronita in the sale.

Lot 13—Butte Lee Esther 3rd, x-568947**Female**

Roan — Born March 14, 1966 — Tattoo OF2 15X

Bred by A. E. Philpott, Central Butte, Sask.

Owned by Kinnaber Farms.

TPS Coronet Leader 21st x406273	Coronet Max Leader x2887446
		Nonpareil Lady 163rd

Butte Lee Emigrant 40th x502623	Lynnwood Reward x364008
		Butte Lee Miss Emigrant 451529

One of the very best daughters of Leader 21stfx we have ever sold. She is a foundation female for the best of herds anywhere in the world. Due to calf to Clipper of U.S.A.x on June 16th.

Lot 14—Butte Lee Starlight 3rd, x-568961**Female**

Roan — Born April 15, 1966 — Tattoo OFZ 49X

Bred by A. E. Philpott, Central Butte, Sask.

Owned by Kinnaber Farms.

TPS Coronet Leader 21st x406273 Coronet Max Leader x2887446
Nonpareil Lady 163rd 2906288Butte Lee Emigrant 110th x507339 Lynnwood Reward x364008
Butte Lee Emigrant 11th x478802

One of the best Leader 21stx heifers offered to date, should be calved by sale date to Clipper King of U.S.A.x. Nowhere else can you buy the blood blend of these two great sires, that possess such size and scale with quality.

Lot 15—Thomas Leader Jewel 20x, x-570050**Female**

Roan — Born March 30, 1966 — Tattoo MUY 20X

Owned by Thomas Farms.

Keystone's First Calf—How would like one like this? Remember Keystone's service is offered with our six young heifers.

Lot 24—Rothbury Augusta Iona 4th, x-576421 Female

Dark Roan — Born June 15, 1967 — Tat.oo Y'TO 31Y

Bred by R. J. Draper & Sons, Elgin, Man.

Owned by Rothbury Farms.

Kinnaber Leader 5th x-416176 TPS Coronet Leader 21st x-4C6273
 Carig Maudette 3rd x-517290

Rothbury Augusta Iona -560403 Louada Nugget -377843
 Bosmandale Augusta C -474209

"Rothbury Augusta Iona 4th"—We offer her with a special pride. She is the first female from the Augusta family we have ever sold. Her grandmother is the greatest cow we ever owned. From this family came Rothbury Augusta B 3rd, the most consistent champion in Canada in 1967, and All-American. Augusta Iona 4th mother is a good white cow by the \$3,600.00 Louada Nugget. Only because we said we would sell our best yearlings, does Augusta Iona 4th sell. We must receive show rights through Denver, and we will breed her to Keystone.

Lot 25—Rothbury Maiden Elspeth 2nd, x-576422 Female

Dark Roan — Born June 15, 1967 — Tattoo YTO 33Y

Bred by R. J. Draper & Sons, Elgin, Man.

Owned by Rothbury Farms.

Kinnaber Leader 5th x-416176 ----- TPS Coronet Leader 21st x-406273
----- Carig Maudette 3rd x-517290

Rothbury Maiden Elspeth -557074 ----- Louada Apollo -378988
----- Maiden Elspeth -495255

Rothbury Maiden Elspeth 2nd—This young female will make a great brood cow. Take special note of how Kinnaber Leader 5th is setting a type in his daughters. Rothbury Maiden Elspeth is one of the top daughters of Louada Apollo. Maiden Elspeth was bought at a HI-HO Farms sale at \$1,500.00. We sold her last calf, who was Manitoba Champion Bull in 1967 to Lester Wyman of Westhope, North Dakota at \$1,500.00. She sells open. We will take her home and serve her to Keystone.

Lot 26—Thomas Annette 16Y, x-576946 Female

Roan — Born March 16, 1967 — Tattoo MUY 16Y

Owned by Thomas Farms.

Coronet Max Leader x-410275 ----- Priam Royal Leader x2739468
----- Lavender Coronita 20th x2787742

Claret x-572250 ----- V.V. Royal Leader 85th x-2936429
----- Claret Mercedes 2nd 2956261

Her dam was imported from South Dakota and is a fine big red brood cow. This is a foundation female from a line of true breeding cattle. One of the best Leader 21stx heifers offered. Arrangements can be made to breed to Clipper King of U.S.A.x.

Lot 29—Kinnaber Primrose Coronita 3rd, x-576358 Female

Roan — Born May 8, 1967 — Tattoo EVW 5Y

Bred by Kinnaber Stock Farm (Gordon Bros.) Souris, Man.

Owned by Kinnaber Farms.

TPS Coronet Leader 21st x-406273 Coronet Max Leader x-2887446
..... Nonpareil Lady 163rd 2906288

Butte Lee Primrose 2nd x-557412 Hi Way Mission x-361797
..... Butte Lee Princess 32nd x-502620

Full sister to Butte Lee Leader 2ndx, owned by W. J. Small and Barry Andrews of Craven, Sask. We had so many good yearling heifers from Leader 21stx, we just didn't know which ones to select for our show herd. This heifer could be the best, she will show very well this summer and can stand a lot of competition, very correct in every way. Her dam is a consistent producer of tops and is sired by a grandson of the International Reserve Champion and great breeding bull for Cooper Farms in Indiana, Hiilddale Collynie 8th. Arrangements can be made to breed her to Clipper King of U.S.A.x, who is the only son of Clipper King of Baptonx in Canada today and the only one in America whose dam is so deep in Polled breeding. Make it a point on sale day to see this big, massive, thick, heavy boned, very trim, mossy coated All American and Denver first prize winner at our farm. We feel he has so much to add to the development of Polled Shorthorns.

Lot 30—Rothbury Clipper Queen 5th, x-576418 Female

Roan — Born May 10, 1967 — Tattoo YTO 24Y

Bred by R. J. Draper & Sons, Elgin, Man.

Owned by Rothbury Farms.

Kinnaber Leader 5th x-416176 TPS Coronet Leader 21st x-406273
..... Carig Maudette 3rd x-517290

Rothbury Clipper Queen 2, -557784 Louada Apollo -378988
..... Rothbury Clipper Queen -515339

Rothbury Clipper Queen 5th—Here is a young heifer that will make a great brood cow. She is from one of our best cow families. Both her mother and grandmother have top calves again this year by Kinnaber Leader 5th. If you wish we will take her home and serve her to Keystone. This could be the easiest way to get a Keystone bull as his first calves are tremendous.

Lot 31—Rothbury Miss Emmeline, x-576423 Female

Dark Roan.— Born June 26, 1967 — Tattoo YTO 34Y

Bred by R. J. Draper & Sons, Elgin, Man.

Owned by Rothbury Farms.

Carig Maudette 3rd x-517290

Searle Emmeline 69W -562885 ----- Searle Purvis Lodestar -388859

Searle Emmeline G 6th -520209

"Rothbury Miss Emmeline"—Almost a July yearling by the massive 2200-lb. three-year-old Kinnaber Leader 5th. The Searle Emmeline's trace back to the Killearn Emmeline's of Claude Gallinger fame. We will take this young lady home and when old enough serve her to Keystone.

Lot 32—Thomas Blossom 45Y, x-575973 Female

Red — Born March 27, 1967 — Tattoo MUY 45Y

Owned by Thomas Farms.

Coronet Max Leader x-410275 ----- Priam Royal Leader x2739468

Lavender Coronita 20th x2787742

Orange Blossom Coronita 38 x538993 ----- TPS Coronet Galaxy 3040242

Orange Blossom Coronita 26th

A straight Thieman bred heifer — combining two great Leader and Galaxy blood lines. She must be good.

Lot 33—Thomas Flora 20Y, x-575684 Female

Roan — Born March 18, 1967 — Tattoo MUY 20Y

Owned by Thomas Farms.

Coronet Max Leader x-410275 ----- Priam Royal Leader x2739468

Lavender Coronita 20th x2787742

Thomas Dazzling Flora -491318 ----- Calrossie Dazzler (imp) -327485

Thomas Cyril's Flora 3J -452585

Lot 34—Saraguay Lady George 2nd, x-575194 Female

Red — Born April 24, 1967 — Tattoo UWE 13Y

Bred by Mrs. W. C. Pitfield of Saint Laurent, Que.

Owned by Kinnaber Farms.

Saraguay Gambler 12th x-414747 ----- Home Again Gambler x-397778

Saraguay Jeanette x-537233

Archwood Lady George 2, x-536846 ----- Scotsdale Homeric -346413

SF Lady George x-2779246

We purchased this heifer and her dam in Mrs. Pitfield's sale last fall. We are very pleased with them both. Only to make our sale offering as strong as possible, do we offer this heifer. She is backed on both sides by Scotsdale breeding going back to Scotsdale Lexington. She is a real brood cow prospect that can give your herd a new line to build on. Arrangements can be made to breed to Clipper King of U.S.A.x. Sired by the AAA Saraguay Gambler 12th. Her dam is the only Polled daughter of Scotsdale Homeric who left so many great females in the S. G. Bennett herd and is out of S. J. Lady George from the noted Schubert in Ohio.

Lot 35—Bonnyview Daffodil 18Y, x-576665 **Female**

Roan — Born March 24, 1967 — Tattoo AART 18Y

Bred by J. H. Bateman of Craven, Sask.

Owned by Kinnaber Farms.

HD Commander's Hero x-414941 Hildale Commander x2921415
HD Collynie WC Claribel 2910824

Bonnyview Pearson Daffodil -543109 Glenrobin Pearson 10P -388316
Bonnyview Norman's Daffodil -496515

Sired by the Congress champion, H. D. Commander's Herox, the bull who has bred so well for the Mortons and Batemans — a real brood cow prospect. Arrangements can be made to breed to Clipper King of U.S.A.x.

Lot 36—Rothbury Miss Dora, x-578194 **Female**

Roan — Born May 5, 1967 — Tattoo YTO 23Y

Bred by H. E. Wilson of Glenora, Man.

Owned by Rothbury Farms.

Rothbury Apollo -410855 Louada Apollo -378988
Bosmandale Augusta C -474209

Riverpark Dora x-504931 Walnut Fasc Standard 44th x-361639
Riverpark Rose x-439004

"Rothbury Miss Dora"—always a favorite. She is sired by Rothbury Apollo, a tremendous son of Louada Apollo out of Bosmandale Augusta C, the best cow in our herd. We used Rothbury Apollo liberally in our herd and then sold a two-third interest at a high figure to Harold Crampton and Martin More of Manitou, Manitoba. He weighed 2070 pounds at three years. Miss Dora's mother is by the massive Walnut Fascina or Standard 44th. This heifer can not have anything but a great calf by Keystone. We would like to retain rights on Miss Dora through to the National Western.

Lot 37—Rothbury Clipper Jean, x-575537 **Female**

Red — Born January 10, 1967 — Tattoo YTO 2Y

Bred by H. E. Wilson of Glenora, Man.

Owned by Rothbury Farms.

Riverpark Donald x-412253 VV Leishman 5th x-398104
Riverpark Rosabelle x-468484

Oaklynn Clipper Jean x-565914 Riverpark Dauntless x-390836
Riverpark Clipper Maid x-492496

Rothbury Clipper Jean—here is a big red heifer from the famous Fair Clipper family that produced Clipper King of Bapton, and this was done by mating a Fair Clipper female to Coronet Max Leader 3rd, who is the grand sire of Keystone. History could repeat itself right here. We sold her sire, Riverpark Donald, to Keith Ruen of Cogswell, North Dakota. A paternal brother to Clipper Jean, Rothbury Wonder, won his class at the 1967 Polled Show and Sale and sold for \$800.00 to Wayne Clark of Churches Ferry, North Dakota.

Lot 38—Thomas Ann 28Y, x-576948**Female**

Red — Born March 23, 1967 — Tattoo MUY 28Y

Owned by Thomas Farms.

Coronet Max Leader x-410275	-----	Priam Royal Leader x2739468
		Lavender Coronita 20th x2787742

Thomas Ann 85U x-551034	-----	Hilldale Supreme x-392967
		Thomas Amethyst 3rd -474957

Leader and Supreme combination produced one our high gaining bulls at Stanford, Montana.

Lot 39—Thomas Flossie 43Y, x-576953**Female**

Red — Born March 26, 1967 — Tattoo MUY 43Y

Owned by Thomas Farms.

Coronet Max Leader x-410275	-----	Priam Royal Leader x2739468
		Lavender Coronita 20th x2787742

Thomas Flossie 92V -555683	-----	TPS Coronet Galaxy 3rd x-404180
		Thomas Annette -485667

Here is the Leader and Galaxy combination again — it hurts to let her go. Same combination as our top gaining bull at Stanford.

Lot 40—Rothbury Miss Violet 3rd, x-575542**Female**

White — Born May 15, 1967 — Tattoo YI'O 18Y

Bred by R. J. Draper & Sons, Elgin, Man.

Owned by Rothbury Farms.

Riverpark Dauntless x-390836	-----	Hi Way Fantasy x-378901
		Clipper Kathleen x-424439

Searle Violet G 3rd -498978	-----	Rothney Hoarfrost -355032
		Minto Violet -372491

Rothbury Miss Violet 3rd—a nice young daughter of Riverpark Dauntless, the great old show bull we sold to Bob Miller of Fardville, North Dakota. Her mother is by Rothney Hoarfrost. The best cows at Searle Farms were Hoarfrosts. We successfully showed a maternal sister to Miss Violet 3rd last year. We will take her home and when old enough breed her to Keystone.

Lot 41—Thomas Buckingham 57Y, x-576958**Female**

Red — Born April 5, 1967 — Tattoo MUY 57Y

Owned by Thomas Farms.

Coronet Max Leader x-410275	-----	Priam Royal Leader x2739468
		Lavender Coronita 20th x2787742

Thomas Buckingham 71T x-542767	-----	Carona Perfect x-366529
		Shirley Buckingham 26th -416144

Leader, Carona Perfect and Buckingham all stand for size and dependability . . . What a pedigree!

Lot 42—Thomas Daisy 49Y, x-576955**Female**

Red — Born March 31, 1967 — Tattoo MUY 49Y

Owned by Thomas Farms.

Coronet Max Leader x-410275	Priam Royal Leader x2739468
	Lavender Coronita 20th x2787742
Thomas King's Doris 41U x-551024	King's Perfect x-397713
	Oakville Red Doris 3rd -475834

Roan — Born April 11, 1967 — Tattoo MUY 64Y

Owned by Thomas Farms.

Coronet Max Leader x-410275	Priam Royal Leader x2739468
	Lavender Coronita 20th x2787742
Thomas Jubilee Flossy 14S x-528293	Hilldale Jubilee x-381460
	Thomas Floss 18 M x-491323

TPS Coronet Galaxy—Sire of Orange Blossom Coronita 38th.

Lot 44—Orange Blossom Coronita 38th, x-538993**Female**

Red — Born October 7, 1961 — Tattoo MUY 24S, also T168

Owned by Thomas Farms.

TPS Coronet Galaxy 3040242	TPS Max Cronet 92nd x2896155
	Bapton Marcia Ramsden (imp)
	Perfect Diamond x2840568
Orange Blossom Coronita 26th	Farnley Orange Blossom 2nd

Has a good red polled bull calf by TPS Coronet Leader 49th, by the same sire as Themans AAA sire of champions, TPS Unlimited. A working mother in her working clothes. Her heifers have been good. But her first son by TPS Coronet Leader 49th is a real herd sire prospect, I think.

Thomas Leader 41x—Now owned by Cloyd and Virginia Welch.

Lot 45—Thomas Perfect Duchess IIR, x-523304 Female

Roan — Born April 1, 1960 — Tattoo MUY IIR

Owned by Thomas Farms.

Carona Perfect x-366529	Cherry Hill Royal Oak x-2345276
	Carona Missie 16th x2588818
Duchess of Gloster 13G x427499	Coronet Sunshine x-272610
	Duchess of Gloster M x-367783

This cow we should not be selling. Her three daughters are being retained in our herd. Her 1966 bull calf was the highest gaining bull on test at the Manitoba Sire Indexing Station. He topped our sale last year, selling to Cloyd and Virginia Welch in Washington. She is by the great Carona Perfect, and her dam by Coronet Sunshine, who improved Polled Shorthorns across Canada. Calf by TPS Coronet Leader 49th.

Lot 46—Folkstone Buttercup, x529960 Female

Red — Born May 6, 1961 — Tattoo XO 4TS

Bred by E. R. James of Grosse Isle, Man.

Owned by Kinnaber Farms.

Fascinator Advance x-381693	Lanedale Fascination x-356005
	Lady Norina -471332
Parkfield Donna x-516878	Birmingham Dauntless x-352041
	Maxina -471334

A good producing cow, sound in every way. A good milker as are all the females we are offering. A tremendous polled heifer calf at foot, born May 9th.

Lot 47—Butte Lee Franny 3rd, x-555199**Female**

	Oakcrest Countess x-457489
Oaklynn Betty x-479452	CF Collynie 11th x-360924
	Oaklynn Beatrice x-454934

Bred to TPS Coronet Leader 49th. This is her second calf for us. The weaning index of her 1967 calf was 114.

PERFORMANCE TEST RESULTS

At the Manitoba Indexing Centre at Douglas, Manitoba, we had fortune and honor in 1967 of having the high-gaining Shorthorn bull on the 140-day test, with a daily gain of 3.34 pounds. This was a white son of Leader, out of a Carona Perfect dam. He was the feature bull of our 1967 Production Sale. He went to Cloyd and Virginia Welch of Pasco, Washington. We have had several letters from them expressing their satisfaction, with pictures both of "Tommy" and of his first calf at a day old. He has done well for them at various shows.

This year, at Stanford, Montana, our five sons of Leader made Shorthorn history. These five sons, out of dams by Hilledale Supreme, TPS Coronet Galaxy 3rd, TPS Max Coronet 92nd, Carona Perfect and Hilledale Jubilee, made a clean sweep in rate of daily gain over all breeds. All five bulls gained over 3 pounds a day, with a ton of 3.48 pounds and an average of 3.23 pounds per day.

The next highest average group was the Charolais with an average gain of 3.09 lbs. per day. Our high-selling bull at the Station was from a Carona Perfect dam, selling to Will Metz of Boyd, Montana. The average selling price of the five at Stanford was \$1,310.

We found a very keen interest in our Shorthorn Leader bulls in Montana, and a strong demand for the Leader type of Shorthorns, for their cross-breeding programs on the range. Many ranchers know and want performance testing. One rancher put it, "It is impossible for ranchers to performance test our herds, but if pure-bred breeders will performance test their herds so that we know what they have, we will come and buy. The pure-bred breeder is the one that must up-grade our cattle."

It is a challenge to Shorthorn breeders to produce the productive kind they are looking for. And we must if our beef is going to compete with other meats in a very competitive world market.

Lloyd Schmitt, manager of P.I.C. at Stanford, Montana, publicly stated, "this was the nicest group of cattle we ever handled. They outperformed our Red Angus by a country mile. The best group of Shorthorns we have ever tested, without any doubt."

Pegg Allan of Cruchen Poiled Shorthorns, said of the Stanford, Montana, test, "This group of bulls has done more for Shorthorns in Montana than anything that has happened in a long, long time."

We can say that our cattle were sold last after the Angus, Charolais, Red Angus, Hereford and Galloway had all been sold, and the seats were still all filled. What a tribute, and this, in Ranch Country, and might we add, an average of \$1,310 on five yearlings. Kind of makes our banker feel good too.

This is the effect of performance testing in general and an average daily gain on test of 3.23 pounds.

Thomas Farms

TWO OF THE MANY ENQUIRIES WE HAVE BEEN RECEIVING,
SHOW THE GREAT SHORTHORN REVIVAL
WHICH IS IN PROGRESS:

RR 2, Redcliffe, Iowa,

April 8, 1968.

Dear Mr. Thomas:

We are searching for quality, production tested cattle, for our feedlot. I wrote to the "P.I.C." at Stanford, Montana, and I see by their catalogue that your bulls indexed at the top.

We are looking for the BIG TYPE with quality, but we want the rate of gain and feed conversion first, and we put in as much quality as we can. We feed both calves and yearlings. We like big, growthy, stretchy calves, that are hardy and can take bad weather. We feed 400 - 800 head at a time.

If you will have any for sale, or know of anyone using your bulls, I would appreciate hearing from you.

Yours truly,

ANDERSON BROS.

Fallon, Montana, April 9th, 1968.

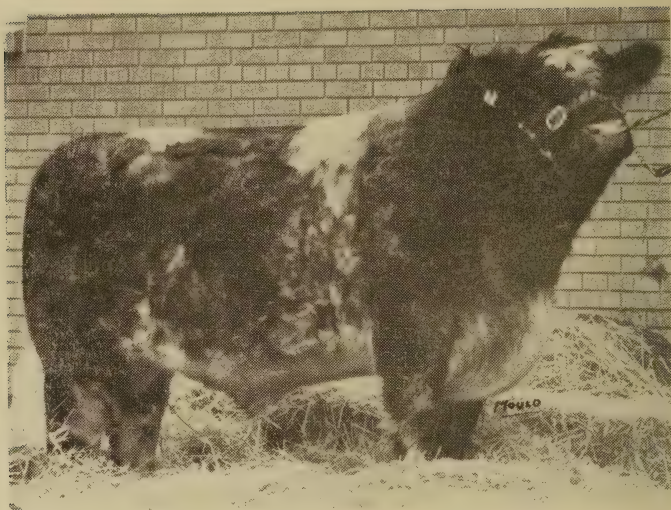

C. & R. Thomas Farms Ltd.,
Hartney, Manitoba.

Dear Sirs: I noticed the results of the five bulls you have on test at Stanford, Montana, and am much impressed with the figures. I have been using Shorthorn bulls on my Hereford cows for the last two years and am well satisfied, my 1967 calves averaged 25 pounds heavier than my 1966 straight Hereford calves and with poorer picking.

I am in the market for more Polled Shorthorn bulls with performance records, capable of upgrading my herd. If you have other bulls available, please let me know.

Yours truly,

A. I. DENBY.

BUTTE LEE LEADER 28thx—Top selling bull at Regina Spring Show, 1967, to Syd Foster, North Battleford, Sask.

Lorlie, Sask., April 26, 1968

Dear Bob: From the day I purchased Kinnaber Leader 6thx it has been a pleasure to watch him grow. I just weighed him at thirty-five months of age and he tipped the scale at 2090 pounds. I have no doubt he will make a 2400-lb. bull. He is transmitting his scale, length and bone, along with 100% polling factor to his calves. Several people have asked me to price his first son, who I am holding to fit for the 1969 Regina Bull Sale.

Regards,

ALF DREGER.

North Battleford, April 28th, 1968.

Dear Bob: Leader 28thx has grown out over the winter into a huge animal, in March he was 1840 and could well carry more flesh. His calves are good, averaging 90 pounds at birth. He is very gentle and quiet, easy to handle and is a very sure breeder in the pasture.

Yours truly,

SYD FOSTER.

BUTTE LEE LEADER 36thx—\$2,000 bull in Brandon International, 1968, to Lindsay Haug of Kisby, Sask.

Stonewall, Man., April 21, 1968.

Dear Bob and Wayne: Time sure flies and we have now had "Trademarkx" a full month and we are happy to report that he has settled down very well in the care of John Inkster, who is as you know "Mr. Shorthorn" in the Interlake.

We like him better each time we look at the calf and that is saying a lot as we had been quite taken with him from the minute we set eyes on him. We both had become firmly convinced that if we were to stay in the Shorthorn business we would have to produce what today's cattlemen are looking for, e.g., animals with size and length and preferably polled. Having seen the Leader cattle we both felt this was the one line with which to achieve our goal. Their performance records had convinced us of this. We both agree whole heartedly with performance testing but would not like to sacrifice quality and eye appeal in achieving high gains, etc.

"Trademarkx" from our way of thinking combines all these desirable traits we should have in a "stock bull" size, length, smoothness, good head and bone.

We feel that if he will stamp his calves with his size and quality that we have a bull whose "get" will be in great demand in the future.

Sincerely yours,

KEITH CROY

VAL KJERNISTED.

FOUR SONS OF LEADER 21stx

Four powerful sons of Leader 21stx heading top Canadian herds.

The Leader sons sold by us and Edgar Philpott and cattle we have sold ourselves are doing the really important thing, giving

"CUSTOMER SATISFACTION"

When you buy from Kinnaber you can be sure that your purchase is backed to give satisfaction, so that you are only really investing your money for greater returns.

We are interested in you and your efforts to breed better cattle and will do all we can to see you get them successfully sold.

Peerless, Montana, May 3rd, 1968.

Dear Bob: I have spent a life time building a herd of 500 commercial cows and feel we now have one of the top commercial herds in the State of Montana. Leading Iowa feeders continually feed out our calves which have built us a reputation, putting our calves in strong demand.

Realizing today one must cross-breed and select from the highest performing herds of all breeds, having crossed our Herefords with the best Angus bulls available, we then turned last fall to look for the best performing Shorthorns we could find.

We heard about Leader 21stx and on seeing him, felt he was one of the great beef bulls we had seen. As you know we purchased two of his sons from you, a half brother from the Thomas's and a nephew from Bob Duncan. They have developed tremendously well and are just what we are looking for in a range bull, for the three way cross.

I feel they will result in your selling a great deal more bulls in this area. Hoping I can get to your sale.

Yours truly,

I. H. HALVERSON.

Craven, Sask., April 20th, 1968.

Dear Bob: I will be glad to give a few comments re our Leader bull. I wanted a bull with extra size and lots of natural fleshing and muscling along the back, loin and rump, plus the polled factor, this is what we got in Leader who classified AA large at 18 months, after running with two herds for over four months.

The ability to breed at a young age and continue to develop seems to be one of the main qualities that Leader's sons have.

Wishing you luck with your sale.

Yours truly,

BILLY SMALL.

Wolseley, Sask., April 23rd, 1968.

Dear Bob: We purchased Leader 46thx because of his great record on Performance Test, where he gained 3.18 pounds per day on 140-day test. We now have two good calves by him that carry his style and good roan color, we needed in our herd.

Yours truly,

L. SCHNEIDER & SONS.

St. Gregor, Sask., April 25th, 1968.

Dear Bob: We feel we have one of the best Leader bulls. He is now 1700 pounds and will be over a ton at three years.

We already have a number of calves by him and haven't owned him a year. They are typical of the Leader bloodlines — good size, bone and type. He will have bred 65 cows for us before he is 30 months. Good luck with your sale.

JOHN MOELLENBACK & SONS,
SCHOOLVIEW POLLED SHORTHORNS

Kipling Sask., April 26, 1968.

Dear Bob: We have been wanting to write to you in regards to "Dakota Lad", son of TPS Coronet Galaxy 10thx, which we purchased from you and tell you how pleased we are with him.

He has the length and size with strong feet and legs to carry the extra weight, which is being sought after by progressive cattlemen today.

He weighed 1770 pounds in breeding condition at two years of age and could quite easily have weighed well over 1800 pounds had he been fitted.

Wishing you the greatest success with your upcoming sale.

Sincerely,

MELVARY POLLED SHORTHORNS
MELVIN ZEPICK.

Calder, Sask., April 28, 1968.

Dear Bob: Our Leader bull is doing very good. He is deep, thick, heavy quartered and fast growing; should weigh a ton before he will be fully matured. We hope with our Leader bull to raise even bigger cattle than before and get them polled.

Yours truly,
A. G. CALANCIE.

In starting my Polled Shorthorn herd I purchased five foundation females from Gordon Bros., most of them cost right at a four figure price. In every case the first calf has proved to be of the calibre that it would pay for the investment in its dam, in fact I sold a half interest in one of these calves for nearly double the investment in his dam.

These have proved to be real foundation females and are consistently producing me top progeny.

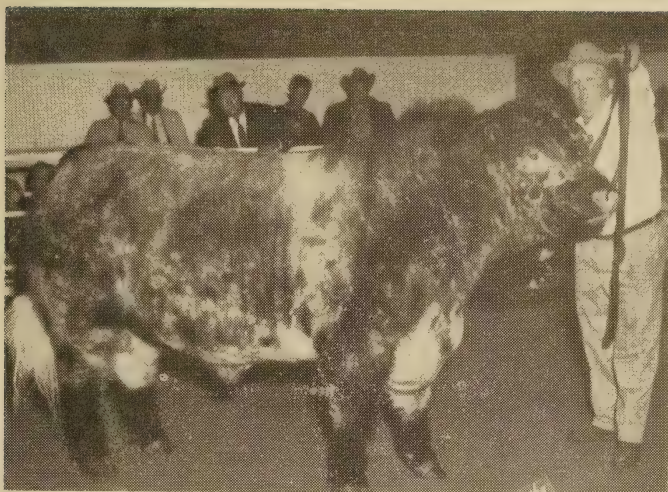

Their efforts in helping me obtain TPC Coronet Leader 20th, who is breeding so well has proved to be one of my soundest investments.

BOB DUNCAN, Ebor, Man.

Besides these there are many more cattlemen successfully using Kinnaber bulls, like the Drapers with their great Leader 5thx; J. H. Bateman, Daniel Gerein, Albert Gerein, Clarence Lindgren, Lindsay Haug, W. K. Legge and Edgar Philpott, all of Saskatchewan; like Lea McDonald, Emile and John Cammaert, Dahm Bros., of Alberta; Gordon Stewart of Ontario; Noltime Polled Shorthorns of North Dakota. Many other Western Canada cattlemen besides many large ranches in Montana are using our bulls because they have found them the kind that give satisfaction and produce . . .

"MORE PROFIT"

Ray Woodward, head bull buyer of American Breeders Service, and Lloyd Schmidt, owner of the largest P.I.C. Indexing Center in America, two America's widely recognized cattlemen, called TPS Coronet Leader 21stx the greatest Shorthorn bull of all times.

CLIPPER KING OF U.S.A.x

All American National Western first prize winner — one of the junior Stock Bulls at Kinnaber. He is a big, massive, heavy boned, thick, great mossy coated son of the 2800 lb. Clipper King of Baptonx, and a half brother to the AAA Roan Lad of Northwoodx and K.C. Clipper Dukex. No other Clipper King of Baptonx son in America is from a dam so deen in Polled breeding. H's first calves have arrived, they are tremendously rugged and thick and are all polled. H's service is a feature on our sale heifers.

See him at Kinnaber at sale time.
